

## Baby Carrier 2007 - Tan Crimson

Contributed by Administrator

The Maclaren Baby Carrier 2007 features a unique design that optimizes both safety and comfort for parent and baby. Its ergonomic, one-piece design makes certain that baby's weight is not borne by any openings secured with clips, buttons or fasteners that could fail. If safety is your concern, this carrier offers a secondary restraint system which provides additional security and ensures that your little one is safely and securely suspended. Created with both baby and parent in mind, the Maclaren baby carrier strives to provide a pleasurable, comfortable experience for everyone. Features: Ergonomic one piece design Secondary restraint for added security Unique, removable pod insert for use with 3.5-6kg/8-12lbs. Infants face toward the parent, older babies can face outward Comes with a removable bottle holder and blanket/bib for teething babies Adjustable straps ensure a comfortable fit for petite through extra large adults Improved quick-release buckles for ease of use Enhanced shoulder and back support
